MUSICAL INSTRUMENTS

WHAT ARE THE MAIN MUSICAL INSTRUMENTS IN INDIA?

- **SITAR, TABLA, HARMONIUM, BANSURI, DAMRU, DHOL(AK)**

Sitar

It's a stringed instrument with a pear-shaped body with a long, hollow wooden neck and bridge. It produces a rich sound when the strings are plucked, which resonates due to its design.

Tabla

The tabla consists of two single headed (Daya and Baya) drums that are different from each other in shape and size.

Bansuri

Bansuri is a side blown flute and is a single hollow shaft of bamboo consisting of two ends, one closed and another one open. It also consists of six to seven finger holes

Damru

The damaru is a two headed drum made of wood. The instrument consists of beads and knots in the leather cord which produces sound as it strikes the surfaces

Dhol(ak)

The Dhol(ak) is a two-headed drum that produces sound when struck by hand and is mainly used as an Indian Folk Instrument to produce sound during weddings and prayer rituals.

Harmonium

Imported from west in late 19th century. Most widely used instruments in India. Keyboard with bellows
